

The Literature Committee is reaching out to our GreySheet Community for help with conducting or transcribing interviews of our GreySheet old timers.

There are many GreySheet old timers who can share their invaluable experience, strength and hope, as to how they stay abstinent.

Their stories will be compiled and included in our GreySheet History Book.

If you would like to help the Literature Committee with this historical project or have questions, please contact: Joey M., at jmelmore.jm@gmail.com for further information. The Literature Committee thanks you for your willingness to do service!
